

It has arrived, been modified to my taste, and I have it!

Mindi and I would like to welcome you to our site. I am a long-time motorcyclist and now the proud owner of a 100th Anniversary Sterling Silver and Black Gold Key Edition Ultra Classic. Mindi has a matching 2003 Sportster Custom. Additionally, we have a Silver and Black 1998 Softail Custom.

I have included some shots taken at the dealership, Chosa's HD in Mesa, AZ. Special thanks to Ron Milanovic, now the Store Manager, for finally making the dream come true. Watch for more details about the two-year process Mindi and I went through to finally get the bike I have waited 50 years for.

Yvette Scott, Chrome Consultant, was fabulous in helping Mindi and me order custom accessories, which totalled more than a fourth of the final cost of the bikes. Of course, what we have already done will not be the end to the personalization.

-Embe

- ◆ The next page is a limited photo page. Photos of ParkerBikerFest IV and Orange County Choppers visit to Tempe Town Lakes are available through link labeled ParkerBikerFest.
- ◆ Mindi and I also plan to start an "E-zine." Let us know if you have something of related interest you want made public, and we'll see if we can use it. Contact us at kem10@cox.net. Mindi and I also plan to create some other websites. Keep tuned for more details and links.
- ◆ Our additional plans include writing books about motorcycling and the military. Currently, we are working on a children's book. Mindi is in the midst of writing a series of short stories, describing some of the classroom anecdotes she has experienced in 25+ years of teaching. We look forward to years of travel writing, riding on the three Harleys.
